

Dear Supporters of St. Francis Xavier School,

In 2013 we completed our first phase of playground renovations. We are excited to move to our next phase of playground improvements. Since December 2019, we have received \$18,500 in donations towards the playground, and an additional \$5,000 in pledges. With your help, we will be able to reach our goal of \$35,000. Our goal is to complete these upgrades in the Spring/Summer of 2021.

The next round of playground upgrades will feature the following:

- Replacing the main play structure on the Early Learners playground for ages 2-5 year olds.
- Adding climbing equipment to the existing Main playground for ages 5-12 year olds.
- Correcting the grade and installing drainage infrastructure in the ball field area for improved water distribution.
- Planting grass on the ball field area.
- Installing surface borders around the main play structure on the Early Learners playground to retain 12" depth of wood fiber in designated fall zones.
- Refilling the wood fiber on the Main playground to the necessary 12" depth.

St. Francis Xavier School alumni, families, and supporters now have a special opportunity to join in the project. Personalized bricks are now available in a choice of sizes and support levels. The commemorative bricks serve as perfect gifts, dedications and celebrations of all those who are or have been Crusaders. Commemorative bricks will be prominently featured in the brickwork on the completed playground. Each fully customizable brick may be personalized for any type of commemoration or recognition. To design your brick, please complete the attached form or visit petoskeysfxschool.org and click on "Giving".

- Commemorative Brick Sizes:
 - 4x8 Option for \$100
 - 8x8 Option for \$250
- Major Donor Recognition
 - \$1000 or greater will be featured on signage on our Early Learners Playground

*Purchases of commemorative bricks will conclude on December 31, 2020.

Thank You! We are grateful for your support.

Please print neatly in all capital letters to ensure proper engraving on your brick. Only 15 letters and/or spaces per line. Please write information exactly as you would like it to appear, including spacing and punctuation. Text on each line will be center aligned and information as a whole will be engraved centered on the brick.

Thank you!
